

MR. DAVIS AND MR. BUCHANAN.

It appears from the annexed letter from the New York Commercial, that in a second effort, Mr. Davis has completely demolished, what remained of Mr. Buchanan, after Mr. Davis's first speech in reply to the Pennsylvania Senator. Our readers have already seen the first speech. When Mr. Davis opens his battery of big guns, upon his adversaries, it resembles the broadside of a frigate upon a fleet of Chinese Junks.

WASHINGTON, March 7, 1840.

Mr. Davis's success, in the encounter which it pleased Mr. Buchanan to give him, was signal, and triumphant. Whatever the Loco Foco press may say about it, be assured, Mr. Buchanan has got it, for the rest of his life.—In endeavoring to repel the charge of being in favor of reducing the price of labor, he has only furnished an opportunity for that charge to be fixed upon him still more strongly. No doubt it was a concerted movement. The party had become alarmed at the effect which their doctrines had produced in the country, and found it necessary to deny that they were their doctrines. Mr. Davis's speech having a vast circulation, and evidently producing great effect, the attack was directed to that quarter. It was well met, and completely repelled. Mr. Davis was cool and collected, in manner, but he went over the whole subject with admirable clearness, and concluded by a direct declaration that what he, Mr. Buchanan, had chosen to say, "was not parliamentary, not gentlemanlike, and not true."

Mr. Davis proved, completely and incontrovertibly,

1. That his speech, as published, was the same as he delivered it. He made this so clear and certain, that Mr. Buchanan could not, and did not, deny it.

2. That Mr. Buchanan sat by and heard the speech, without interrupting him, or complaining of any misrepresentation.

3. He attempted no reply to Mr. Davis's speech, either for the purpose of explaining his own or otherwise. And he rested five or six weeks before he made any complaint at all.

All this was clearly established.

It may be added that Mr. Smith of Indiana, Mr. Henderson of Mississippi, and Mr. Merrick, who had all spoken before Mr. Davis, had understood Mr. Buchanan just as Mr. Davis did, as their printed speeches will show. And nothing said by them was denied by Mr. Buchanan.

And notwithstanding Mr. B. pretended that he only just then, viz: on the sixth, became acquainted with what was stated, in regard to what he said, in Mr. Davis's speech; yet there is reason to believe that he had many days before written to Connecticut, probably at the request of friends, to give explanations, &c, to take off the edge of what he had said, and give relief to the party from the intolerable weight of his anti-labor doctrines.

I ought to have added that Mr. Davis declared in his place to-day, that after he had finished his speech now so much complained of, Mr. B. came up to him and congratulated him upon his ability, making no complaints of misrepresentation whatever. And it is a fact, also, that about ten days before this attack was made, Mr. Buchanan spoke in the Senate of Mr. Davis's speech as the ablest he had ever made, and did not complain of any misrepresentation.

It is probable that Mr. Buchanan's printed speech may have been a good deal trimmed and softened in its expressions, compared with the spoken speech; still the noxious doctrine is clearly and visibly in it, as Mr. Davis proved to demonstration by a long string of extracts which I trust he will publish.

The truth is, Mr. B. is a man of considerable power of mind, but of narrow knowledge and narrow thinking. He had got hold of German statistical notions, which he thought would favor the sub-treasury scheme; the essence of all which German notions was that a hard money currency reduced the cost of production, in manufactures—that is to say, reduced the wages of labor; and full of this supposed great discovery, he flashed headlong upon the rock on which he has made shipwreck.

The New Orleans Picayune of the 1st inst. says:—It has not been forgotten by our readers that about a month ago, we reported a case of murder committed by one Fernando Diaz. The horrible circumstance was yesterday more fully brought to light. The body of the unfortunate woman has been discovered, and the evidence against the miserable murderer is established beyond question.

In a small brick building in Magazine near Bartholomew street, the body of a female has been discovered, mutilated in a most shocking manner. It was in this house that Diaz was arrested, and it appears that the heartless wretch, after murdering his wife in Barrack street, cut the body to pieces, hired this house in Magazine street, and in the night carried the corpse to his new residence, where he buried it beneath the floor. The body, when discovered, presented a most shocking spectacle.—The legs had been cut off at the hips, and but little mortification had taken place.

Miller the Prophet, who has found out that the world is to be destroyed in 1843, and is humbugging the credulous in various parts of the country, lately made application to a Mr. Austin in Orwell, Vt. for a loan of some money to aid him in publishing his book.—Mr. Austin offered to furnish some, on condition that Miller should give him the deed of a farm which he owns in the state of New York, to take effect in 1845—two years after the destruction of the world, (according to Miller.) Miller refused to do so, thus showing himself rather more aware than fool.

Look on slanders as direct enemies to civil society.—As persons without honor, honesty, or humanity. Whoever entertains you with the faults of others, designs to serve you to a similar manner.

CURIOUS PAINTER'S BILL.

The following are *verbatim*, the items of a painter's bill, lately sent for payment to a noble Lord, who considers himself one of the greatest connoisseurs of the present age, and who has a very large collection both of sacred, profane, and modern pictures.—

To filling up the chink in the Red Sea, and repairing the damages of Pharaoh's host.

To a new thief on the cross.

To cleansing six of the Apostles, and adding an entire new Judas Iscariot.

To an alteration in the Belief, mending the Commandments, and making a new Lord's Prayer.

To new varnishing Moses's Rod.

To repairing Nebuchadnezzar's beard.

To mending the picture of Jacob's daughter.

To a pair of sleeves for Susannah's shift.

To repairing the breeches of one of the Elders.

To a pair of ears for Balaam, and making a new tongue for the Ass.

To cleansing the whale's belly, varnishing Jonah's face, and mending his left arm.

To a new skirt to Joseph's garment, and a lascivious eye for Potiphar's wife.

To cleaning the picture of Samson, in the character of a fox hunter, and substituting the whip for the firebrand.

To a new broom and bonnet for the witch of Endor.

To a sheet anchor, a jury mast, and a long boat for Noah's ark.

To painting twenty-one new steps to Jacob's ladder.

To mending the pillow stone.

To adding some Scotch cattle to Pharaoh's lean kine.

To making a new head for Holophernes and cleaning Judith's hands.

To making perfect the eunuch attending on Esther.

To giving a blush to the cheeks of Eve on presenting the apple to Adam.

To mending the net in the miraculous draft of fishes.

To a perspective glass for David viewing Bathsheba, and mending his right eye.

To painting a new city in the land of Nod.

To cleansing the garden of Eden after Adam's expulsion.

To painting a shoulder of mutton and a shin of beef in the mouths of two of the ravens feeding Elijah.

To painting Noah dressed in an admiral's uniform.

To repairing Solomon's nose and making a new nail to his middle finger.

A TAVERN STAND for Sale or to Let,

SITUATED a few rods South of the Baptist Meeting-house in Dummerston, on the road leading from Newfane to Brattleboro, and is well known by the name of the half way house. Its location, accommodation and conveniences, are too well known to need any further description. Terms made easy.

Please enquire of the subscriber, or JOSEPH ELLIOT on the premises.

ASA KNIGHT.

Dummerston, March 4, 1840.

STATE OF VERMONT

District of Marlboro, ss.

At the Probate Court, holden at Brattleboro within and for said district, on the sixth day of March, A. D. 1840,—Present, Hon. HENRY SMITH, Judge:

A Will and Testament of ASA BELKNAP, late of Dummerston in said district, deceased, being presented to the court here by Ruth Belknap, the executrix therein named for probate; it is ordered by said court, that all persons concerned therein be notified to appear at a session of said court, to be holden at the Register's Office in Brattleboro in said district, on the last Saturday of March, A. D. 1840, and show cause, if any they may have, against the probate of said will; for which purpose it is further ordered, that a copy of the record of this order be published three weeks successively, in the Vermont Phoenix, printed at said Brattleboro, as soon as may be.

A true copy of record.

Attest, A. KEYES, Reg.

COMES Alonzo Goodenough, Executor of the last Will and Testament of ISAAC PLUMMER, late of said Brattleboro, deceased, and files his administration account; whereupon it is ordered, that the same be heard and examined, before the Probate Court for said district, at the session thereof to be holden at said Brattleboro, on the last Thursday of April next; and for the purpose of notifying all concerned of the time and place of hearing, said executor is directed to publish a copy of the record of this order, three weeks successively, in the Vermont Phoenix, as soon as may be.

A true copy of record.

Attest, A. KEYES, Reg.

NOTICE.

THIS certifies that I have sold to my son FRANCIS S. RAY, his time, with liberty to act and trade for himself, and that I shall pay no debts of his contracting nor claim his earnings after this date.

LEVI RAY.

Vermont, March 9th, 1840.

JEW DAVID'S HERREW PLASTER.

THE peculiarities of this Chemical Compound are owing to its extraordinary effects, upon the animal fibres of nerves, ligaments, and muscles, its virtues being carried by them to the immediate seat of disease or of pain and weakness.

However good any internal remedy may be, this, as an external application, will prove a powerful auxiliary, in removing the disease and facilitating the cure, in cases of Local Inflammation, Scrofulous affections, King's Evil, Gout, Inflammatory, and Chronic Rheumatism, and in all cases where seated pain or weakness exists.

A gentleman travelling in the South of Europe and Palestine, in 1830, heard so much said in the latter place, in praise of Jew David's PLASTER; and of the (as he considered) miraculous cures it had performed, that he was induced to try it on his own person, for a Lung and Liver affection, the removal of which had been the chief object of his journey, but which had resisted the genial influence of that balmy and delicious climate.

He accordingly applied a plaster on the right side of the chest, where the pain was seated, another between the shoulders, and one over the region of the liver. In the meantime, he drank freely of an herb tea of luxuriant qualities. He soon found his health improving; and in a few weeks his cough left him, the soreness of his skin disappeared, his pain was removed, and his health became very beneficially restored. It has likewise been very beneficial in cases of weakness, such as weakness and pain in the stomach, weak limbs, lameness, affections of the spine, female weakness, &c. No female subject to pain or weakness in the back or side, should be without it. Married ladies, in delicate situations, find great relief from constantly wearing this plaster.

No puffing or great spread of certificates is intended. Those who wish to satisfy themselves of the efficacy of this plaster, can obtain sufficient to spread 6 or 8 plasters for 50 cents; a sum not half sufficient to pay for the insertion of a single certificate into any of our most common prints, a single time. This trifling price per box is placed upon it, in order that it may be within the means of every afflicted son or daughter of the community; that all, whether rich or poor, may obtain the treasure of health which results from its use. Price per box, 50 cents. Directions accompany each box.

E. W. CAPRON & CO., Agents for the State of Vermont, to whom all orders must be addressed, at Rochester, N. Y.

For sale by DUTTON, CLARK & CO., Brattleboro; and PEYTON R. CHANDLER, Putney.

Which will be sold or exchanged cheaper than the cheapest, for Cash, Produce or Stock of any kind, this Spring or next Fall.

LUKE S. RAND.

Townshend, March 4th, 1840.

A certain Cure for the PILES.

HAYS' LINIMENT has been used by thousands for the above distressing complaint, and in no case has it failed to effect a cure. It was the last death bed bequest of the celebrated Dr. Gridley to his friend and attendant, Solomon Hays. Hundreds can testify to the wonderful effects of this Liniment, who have used it in New York, and who say it works like a charm. The following are some which have been handed to the proprietors, in addition to which many respectable citizens have voluntarily called, and left their addresses with permission to refer to them.

SALEM, June 11, 1832.

Mr Hays—Esteemed Friend, I am happy to inform you that my wife has used these two boxes of Liniment, which you sent her, and is now entirely well of the Piles, and it is to the astonishment of all her friends and attendants. I shall be in town in a few days with my wife, and shall amply compensate you, and shall not forget to recommend it to all my friends who may be so unfortunate as to be troubled with so desperate a disease.

JOSHUA DODGE.

This certifies, that I have been many years afflicted with the Piles; and have in vain paid out considerable money for various remedies. Having heard of your Liniment, I purchased a box, and soon after using it according to directions, was entirely cured of the complaint. I recommend it as a safe and effectual remedy.

SAMUEL WIMAN.

New York, Dec. 1, 1832.

I do hereby certify, that for a number of months I was severely afflicted with the Erysipelas, and tried a number of remedies to little purpose, until I purchased a box of your Liniment, from which I found immediate relief and a perfect cure.

JAMES JACKSON.

This will certify, that I have been troubled with the Piles most of the time during seven voyages to Europe; I have applied to both European and American physicians without success—have used part of one box of Mr Hays' Liniment, which has effectually cured me.

GEORGE EMERSON.

Mr Perley Sibley, of Athol, Mass. has been greatly afflicted with the Piles for 30 years past. He stated to one of the proprietors of Hays' Liniment, that he tried almost every thing that had been recommended to him, and had followed the advice of many physicians, but obtained no relief. Having seen Hays' Liniment recommended in one of the papers, he was induced to try it, although he had little faith in advertised nostrums. He has used one bottle, which has given him great relief and almost entirely cured him; he thinks one bottle more will cure his complaint, and he recommends all who may be troubled with the piles to try this remedy. October 4, 1839.

Important Information!

LORRRAINE'S PILLS,

The Genuine La Medecine Curative Vegetale Universal Medecine of the French College of Health in Paris.

ALSO,—THE VEGETABLE TONIC or WINE BITTER,—so much esteemed throughout France for its strengthening virtues—a sovereign remedy for general debility.

JUST ARRIVED FROM PARIS, through the hands of ROBINE BARNIX, of the city of New York, and the United States General Travelling Agent, for the French College of Health, a few thousand boxes of this most valuable of all medicines, the La Medecine Curative Pills and Vegetable Tonic or Wine Bitters, made by La Roy, MD. lineal descendant of the unsurpassed Lorraine, the original discoverer of these CELEBRATED MEDICINES throughout the World.

WHO has tried it will deny its positive utility!!! Look at the thousands who have saved from that fell destroyer of the human race, FEVER!!! Look at the tens of thousands it has saved from Consumption!!! Look at the millions it has cured of colds and inflammations, and thereby preventing its sad consequences, Fevers and Consumptions!!! Look at the number beyond estimation it has saved from the consequence of will.

La Medecine Curative is now sought after and used as the best remedy known for colds and all kinds of diseases. Its virtues are unsurpassed, as every one can testify who has given it a fair trial.

An old man, who had been dreadfully afflicted with sore eyes for 2 years and could get no relief, was entirely cured by the use of La Medecine Curative Pills.

A young lady, whose case was considered hopeless, was entirely cured after being afflicted with a cough, pain in the side and general debility for four years, by the use of La Medecine Curative Pills.

Highly interesting experiment at the Hotel Dieu!!! Surgeon Doyle, bringing desirous of proving the utility of La Medecine Curative in cleansing the blood, selected a man aged 40 years, who had been afflicted with erysipelas for 20 years—his skin was a complete scab from head to foot. A vein was opened—the blood allowed to flow: it was found to be as black as tar: it was immediately stopped, and two La Medecine Curative Pills given. In three hours the blood was started again, with an evident alteration; it looked more florid. Four hours from the taking of the pills there was a powerful discharge from the bowels, of very fetid matter—there was an increase of all the excretions, a gentle moisture came on the skin: 5 hours from the time of taking the pills, the blood was again started—it ran freely, was of a bright scarlet hue: the man's complexion, which was before of a dark pale color, was changed to a lively and animated complexion!!! He continued the use of La Medecine Curative Pills, taking one every night, which kept up a softness of the skin, and a constant purification of the blood—the scabs peeled off and healed—his health was entirely restored and his skin smooth and soft.

We the consulting surgeons, cheerfully acknowledge that we have witnessed of the above singular and interesting experiment; we further say that we have no knowledge of any medicine equal to La Medecine Curative, to cleanse and purify the blood.

[Signed,]

S. Chatelein, MD.

Frédéric Bouvet, MD.

Vailu Loret, MD.

Paris, May 1, 1839.

A lady had been dreadfully afflicted with ticdolence for years, was effectually cured by a constant use of La Medecine Curative Pills, taking one every night on going to bed!!!

TUMOURS!!! A gentleman, whose son had been afflicted with a large tumour on his neck, which resisted all means, was advised to carry him to a distinguished surgeon, to have it operated on. The surgeon informed him of the great danger, as it included so many large blood vessels. He heard of La Medecine Curative Pills working wonders, got a box, gave one every night, and strange as it may seem, it entirely removed it in six weeks!!!

COUGHS!!! A married lady, written to an agent for more Pills—says her family have all been severely afflicted with coughs that seemed to resist every thing, even the prescriptions of physicians, until a physician prescribed La Medecine Curative Pills. All that she did was to give one pill to the children on going to bed, for 4 or 5 nights, and they all got well without further trouble.

Three young girls, who had been at work in factories, became afflicted with a cough that was prevalent—they were obliged to return home—took La Medecine Curative Pills, on going to bed, one every night—were able to return to the factories in one week!!! entirely cured!!!

A factory girl returned home, with head ache, cough, pain in the side, and hips, with general debility; was entirely cured by La Medecine Curative.

CONSUMPTION!!! A clergyman was obliged to leave his desk in consequence of a cough that afflicted him, together with raising of blood, loss of appetite, pain in the side, and general debility. Was restored to his people solely by the use of La Medecine Curative Pills, and enjoys perfect health!!!

Consumption!!! A student, that was given over, with a cough, pain in the side, together with general debility which followed, a severe cold was effectually cured by taking one La Medecine Curative Pill every night!!!

A lady had been afflicted for a long time with swelling of the feet and difficulty of breathing, was entirely cured by the use of La Medecine Pills.

An almost hopeless case!!! A gentleman who can be referred to, had been so dreadfully afflicted with dropsy of the heart, that he could not lie down or walk, was entirely cured by La Medecine Pills.

NOTICE!!! When a cure for so trifling a sum as 25 cents, sometimes, and at most a few dollars, can be obtained for a cough, cold, asthma, difficulty of breathing, tightness of the chest, pain in the side, spitting of blood, a swollen stomach, &c. must it not be a matter of surprise that we find so many in the obituary daily deaths, occasioned by taking colds? On an average, at least one hundred and fifty thousand persons die annually of Consumption!!! originating principally from taking colds. Commencing with cough, then difficulty of breathing, and pain the side, at length the lungs become affected, ulcers ensue, and consumption closes the scene, when timely application is not had to La Medecine Curative Pills. Alas! too often does prejudice, by listening to some and adopting the opinions of others, prevail—consequently a trial of La Medecine Curative Pills is prevented, that would most assuredly afford relief. Be assured that so rarely a case occurs but may be entirely cured by a timely application of

La Medecine Curative pills!!!

Ask for Dr Lorraine's La Medecine Curative Pills, and Vegetable Tonic or Wine Bitters, observe this as you value your health. The purchaser cannot be imposed upon but

once after he has taken the genuine: the operation is entirely different from any of rhemedecines known.

Prepared by LE ROY, MD. Moisson de l'Auteur, rue de Seine, No. 30, Faubourg, Saint Germain.

Dr Le Roy would respectfully inform the citizens of the United States of America, that he has appointed Robine Bonnine, General Agent of the United States of America, and that in future all Medicines will be prepared by me as usual, and shipped to R. Bonnine, New York, who will put them up in seal boxes, and each label contain his written signature, and obtained only of agents appointed by him.
